

Interesting Chinese Phonetics Textbook (Chinese Edition)

Interesting Chinese Phonetics Textbook aims to meet the interests of the Chinese learners and improves their pronunciation to be more natural and fluent with further exercises. In this book, it does not only offer a whole step-by-step phonetics exercise, but also has focal practices on Chinese phonetic difficult key points and systematic practices on stress, intonation and rhythm. The learners can use this book to study under their teachers guidance and follow the disc record to acquire a native spoken Chinese. This material is helpful for both beginners and advanced learners of Chinese.
