

Beware! Biochemical Weapons Now & Then, Immediate Survival Guide: Immediate Survival Guide Book 1

In this book you will learn: What are biological weapons? What are the hazards and dangers of these weapons? What are the signs and symptoms of exposure? What measures are to be taken to manage and treat them? What are the immediate actions you can take to survive an attack? How to save your life and others lives? Beware! Biochemical Weapons Now & Then, Immediate Survival Guide Book 1 will help anyone, whether a layperson or a medical professional, to easily understand the treatment needed in the case of a biochemical weapon attack. The information given in this guide will benefit everyone and give knowledge on how to avoid danger and help save valuable lives. This book is intended to only be a guide and not a complete diagnosis, prognosis, and treatment. If you are exposed to any of these biochemical weapons, then you should seek immediate help from a professional medical doctor. Beware! Biochemical Weapons Now & Then... was written by Dr. Kyaw Htyte to help spread awareness and knowledge of the different biochemical weapons that have been used in history and ones that are terrorizing our world today. This book is not written intended to cause alarm or panic--please take the information in this book with stride. A note about the author: Dr. Kyaw Htyte is a medical doctor who has over four decades of experience in the medical profession. He has also earned a PhD in Alternative Medicine, Masters in Public Health Administration & Tropical Medicine, Masters in Business Administration, and the Highest Achievement of Fellow in Diagnostic Cardiology. He has written and published many books on advising in preventive and life saving knowledge for general public including, Prevention on Serious Infectious Diseases, Danger of Sexually Transmitted Disease and Precaution, About Fertility, Infertility Concerns, Including How to

Chose the Babys Sex, Lecture Notes on Heart Disease, and Questions & Answers on Our Health Problems, and more. Dr. Kyaw Htyte has traveled several countries and worked as Chief Medical Officer, Health Consultant and Medical Director. Even though he has gained a wide array of knowledge he is still eager to learn and continue to be a student of life. And whenever he can, tries to share what he has learned to the public and hopes to learn from them too. Now he would like to continue to contribute the ways and means of how to prevent and treat the hazards of warfare weapons in the hopes of saving lives and humanity.
