

Chandlers Encyclopedia, Vol. 1 of 3: An Epitome of Universal Knowledge (Classic Reprint)

Excerpt from Chandlers Encyclopedia, Vol. 1 of 3: An Epitome of Universal Knowledge The present work has been built on these lines. It is complete in three volumes of goodly though manageable (not elephantine) size. It is offered at a price hitherto unheard of for a book of this character. It was brought down to the date of going to press. It was prepared with due regard to the present conditions of thought and progress, giving especial attention to the sciences. And it has been written and edited with a view to the readers convenience, that (as far as possible) he might find what he wants without having to institute a long and wearisome search, or wade through a chapter when he desires a paragraph.
