

Tapping on the Wings of Angels: A Journal of Spiritual Synchronicity and Messages with the Other Side

This thought-provoking book will have you question all that you know about communications at a spiritual level. Carol Ann explores conversations from the other side with her departed husband Robert, Archangel Michael, and other spirits. She converses with her earthly dogs and ones on the other side. She is heartbroken having to deal with the coming death of her former service dog puppy, Spirit, and her brother, Roger. Thanks to her telepathy, Carol Ann accomplishes her goal of having a still heart about the deaths of her brother and two of her former service dog puppies that she trained. In the process, her spiritual bond with her solo dog Mystic deepens. Carol Ann learns through telepathic messaging that her departed husband Robert desires to return as a walk-in. This is a process of soul exchange between a being on the other side and an adult on Earth. Suspend your disbelief as you engage in her one-of-a-kind path. You will experience her joys and her lows as she questions the unique challenges to her heart and world. Thanks to an unexpected event she is led to discover the powerful tapping modality, FasterEFT. In the end, her inner exploits lead to a deeper unveiling of her authentic self and Carol Ann discovers true fulfillment.
