

The Email Alchemist: Profit Diary of an Online Marketing Millionaire, Your Roadmap to Riches

Email marketing is STILL the killer app for any online or offline business. Its the easiest, fastest, and most cost-efficient way to create customer bonding, branding and sales while increasing lifetime customer value with every email you send. Yet few entrepreneurs have the slightest idea how to use email the RIGHT way... They waste valuable time and effort focusing on open rates, clickthrough rates, and list building... while a small handful of email marketers are quietly raking in fortunes, with finely-tuned email marketing machines that earn money reliably, consistently, and automatically. In fact, says email marketing expert, Daniel Levis... its high-time list building were dead and buried! Daniel is famous throughout the industry as, The EMAIL ALCHEMIST. Hes created guerilla campaigns that hauled in over \$90 a click just using EMAIL... and has helped more people multiply their profits with email marketing than just about any other online marketing educator. Almost all of the rules so many email marketing experts swear by are just pure 100% poppycock. They say dont email people every day, because it upsets them. They say you must write short teaser emails not long selling ones. They say you must then lure people to a landing page, because youll lose them if you start selling too soon. UTTER RUBBISH! Forget the guy who says, Ill make you rich in 3 days. Turn to Daniel Levis for advice based on deep study, real practice and good thinking. The genuine article. Drayton Bird Legendary Direct Marketer and Author of Commonsense Direct & Digital Marketing The Email Alchemist is a revealing and often times, scathing look at the world of online marketing, and how the true masters of marketing are really using email to build empires of wealth. Just a quick glance at the table of contents tells you this is no ordinary book... ..Indeed, this is YOUR invitation to pull back the wizards curtain...

get a sneak peak at the inner workings of this elite group of marketers... and soak up insider knowledge on how email marketing really works. Heres a glimpse at what youll find inside Daniels private playbook: How todays A-D-D afflicted CULTURE is actually changing the structure of YOUR brain Why LIST BUILDING is not just obsolete but DEAD (heres todays low-cost replacement) Why ALL MARKETING MEDIA ARE CRIPPLED by two unstoppable forces... and how to exploit them instead How to implement the fool-proof, Lord of the Rings email marketing strategy Why your SUBJECT LINE is no longer so important in todays EMAILS The BIG MISTAKE most entrepreneurs are making that big companies (with armies of employees) never fall for The QUICK EXERCISE you can do to take charge of your MARKETING A.D.D Whats replaced ATTENTION as the most valuable marketing commodity in the world today... Super-simple PATTERN INTERRUPT examples (but you dont have to know a thing about NLP) All 5 elements of the 5-STEP RESURRECTION FORMULA, to ramp up your profits: S_____+ O_____+ D _____+ P_____+ C_____ Proven SUBJECT LINE examples and detailed dissection including grabbing attention, and creating need to know The ESSENTIAL PIECE that gets lost in most EMAILS when youre operating from a place of fear (and youre starting to freak out because people are not opening your EMAILS the way they used to) How your lizard brain is hardwired to scan for TWO PRIMAL DESIRES and how to literally steal someones attention in the subject line... The 2 MOST IMPORTANT (but rarely combined) overarching objectives in all of marketing Plus, so much more! A FREE audio book version is available for a limited time.
