

Karmic Relationships Vol 3: Esoteric Studies

During 1924, before his last address in September, Rudolf Steiner gave over eighty lectures on the subject of karma to members of the Anthroposophical Society. These profoundly esoteric lectures examine the underlying laws inherent in reincarnation and karma, and explore in detail the incarnations of specific historical figures. In Rudolf Steiner's words, the study of karma is ... a matter of penetrating into the most profound mysteries of existence, for within the sphere of karma and the course it takes lie those processes which are the basis of the other phenomena of world existence... In this volume, Steiner discusses the karmic relationships within the anthroposophical movement, including the predispositions which lead souls to anthroposophy, the two streams within the movement, plus Rosicrucianism, Arabism, Aristotelianism, the Platonists and the School of Michael.
