Compiling scholarly essays from a unique three-year Democracy, Culture and Catholicism International Research Project, Democracy, Culture, Catholicism richly articulates the diverse and dynamic interplay of democracy, culture, and Catholicism in the contemporary world. The twenty-five essays from four extremely diverse cultures-those of Indonesia, Lithuania, Peru, and the United States-explore the relationship between democracy and Catholicism from several perspectives, including historical and cultural analysis, political theory and conflict resolution, social movements and Catholic social thought.
