

Crystal Skulls: Emissaries of Healing and Sacred Wisdom

A ground-breaking look at the impact contemporary crystal skulls are having on people who choose to collect and work with these mineral carvings. Details are given about some of the healings, spiritual awakenings and life-changing encounters the author and others have experienced while in their presence. These are not the ancient artifacts found in excavations of tombs and burial sites, but they are proving to be extremely intriguing. This book shares information with the reader on where to buy and how to choose the right skull for personal use, as well as suggestions for a metaphysical approach to working with it. In addition, there are exercises for self-healing, protection, dreamwork and meditation that can be pursued with the help of these amazing and beautiful esoteric tools. A crystal skull should not be viewed with fear and trepidation, it is a spiritual ally and an informative friend.
