

## mans body: an owners manual

This book contains clear answers to the questions every man asks or wants to ask about the way his body works; his health and fitness; his sexuality and appearance; his life expectancy and aging; and even his wonder about womens bodies. This book dispels fears and misconceptions with copious facts and precise statistics which cover every aspect of mans body, its range and limitations from head to toe and from infancy to old age. Said to be the first and only fully illustrated laymans guide to the male body, this profusely illustrated manual has over 1000 original drawings, diagrams and charts that make even the most complicated body systems easy to understand!
