

# Look Beyond the Product: The business of agile product management

Look Beyond the Product: The business of agile product management  
Today's agile development methods are great but don't miss the forest for the trees. You still need a vision, a roadmap, and clarity of team roles to succeed. This book explains what today's executives need to know about agile development methods and the business role of product management including:  
Four types of product management expertise  
Roles in agile teams  
Planning the business of the product  
Analyzing for success with retrospectives
