

Strategies and Tactics in Supply Chain Event Management

This book gives unique insights into the Supply Chain Event Management (SCEM) of world-leading companies. Aims, methods, instruments as well as resources and budgets in SCEM are discussed. The book offers real case studies from Top 100 companies. The reader will gain a strong understanding of the way to deal with problems along the supply chain and how to avoid them. SCEM allows timelines to be met with decreased cost and risks.
