

The End of the World as We Know It

Thirteen-year-old, second-string quarterback Ian McGowan has serious issues with his life. Everything lately seems like a catastrophe. In fact, things are so bad that he's certain the world is ending. Ian is sure he is all alone in tackling heavy issues: failing algebra tests, trying to understand girls, relating to his parents, comprehending current world events, and unwittingly involving himself in a life-threatening situation. The problem is that nobody else seems to notice anything is wrong! Ian has no idea what to do about any of it—and he's sure that no one will understand anyway—except maybe his best friend who isn't even talking to him at the moment. Ian soon realizes that people and situations aren't always what they appear to be. A new friend may turn out to be someone you've known all along—without ever really knowing them at all.
