

Anagnorisis: Blessed and the Book of Revelation

In reading Anagnorisis, the reader finds himself stirred with desire to find the hidden treasure, and gripped with determination to complete the puzzle. The last book of the Bible: The Revelation of Jesus Christ, invites his effort to understand its obscure yet prophetic message. By cross-comparison of Bible passages, and evidences found through historical research, discerning minds will appreciate the sound and penetrating scholarship involved in the quest. A still greater motive for unlocking the prophetic mysteries is revealed-that of moral rectitude against a strong but subtle current of lawlessness even where it may be least suspected. In this allegory all the above can be expected as the tools are applied which unlock the meaning of this most elusive and yet important book of prophecy for our day.
