

Cannabis Cultivator: A Step-By-Step Guide to Growing Marijuana

Cannabis Cultivator demystifies the subject of growing pot by treating it as though it were conventional gardening. Clear, step-by-step instructions guide readers through everything from setting up the garden to the supplies needed to which systems work best. Whether growing indoors or out, starting with seedlings or clones, using hydroponic or organic systems, Jeff Ditchfield's lively, jargon-free writing provides all the answers budding growers need. Lavish photography brings the entire process to life, from propagation to curing a harvest.
