

Journal of Strategic Studies: A Twenty-Five Volume Index 1978-2002

Since its foundation in 1978, The Journal of Strategic Studies has been the leading journal in its field, attracting some of the most senior scholars and practitioners. To mark the 25th anniversary of the journal, a 25-volume index has been published - a book that indexed 100 issues of ground-breaking academic articles and over 1,000 book reviews. This index provides a reference to the multitude of articles published in the last 25 years alongside book reviewers. It provides an informative look at both the past, in an essay by John Gooch, and at the future of strategic studies, in an article by Thomas G. Mahnken, as well as a users guide to the index and a listing of all the special issues ever published. Finally, an easy-to-use subject index provides a vital reference guide to the development of theory and practice in strategic studies spanning the last 25 years. This 25 year index constitutes an invaluable index for students, academics and practitioners alike.
