

Demystifying Serials Cataloging: A Book of Examples (Third Millennium Cataloging)

This essential reference teaches library staff how to handle the most common and confusing problems in serials cataloging by providing clear examples, practice exercises, and helpful advice based on experience. Sources include industry-leading cataloging journals. Important cataloging information accompanies each example, such as images of the journals cover and title page, and machine-readable cataloging (MARC) record. Margins contain applicable cataloging rules for each example.
