Can the light of astronumerology shed insight into the lives of celebrities like Barack Obama, Oprah Winfrey, Bruce Lee, Amma, Dr. Maya Angelou, Caitlyn Jenner, Malala Yousafzai, Ellen DeGeneres, Eckhart Tolle, and Rosa Parks? Take a closer look at their personalities and special destinies with *The Wisdom of Astronumerology, Volume 1*, by the youngest Astronumerologist in North America, Samantha Samuels. Astronumerology is the combination of astrology and numerology to arrive at an accurate and holistic understanding of personality and life purpose. By being aware of our astronumerology chart, we can use this ancient celestial wisdom to achieve greater self-understanding and sense of purpose. Part 1 introduces the art and science of astronumerology and how it is relevant in the world in modern times. There is an in-depth discussion of karma, fate and free will, as well as practical steps for stepping into your personal power. Several celebrity case studies are used to see how the stars and numbers exert their effects in shaping personality and destiny. Part 2 is an overview of the 108 astronumerology combinations. Each of the 12 astrological signs is broken down into 9 number segments, including master numbers 11 and 22. For each combination, Samantha discusses your personality, skills, and challenges; careers that are best suited to you; and your relationship style in romance and with your family.
