This is a book about the reason why Israel was formed and why did the terrorists attacked America on 9/11. This is a book about religion, politics, history and science. It is also about the connection between the formation of Israel and the reason why 9/11 ever happened with the Quran, the Torah & the Bible. It is also a book of religion & science. It will give people an idea of why revenge was the cause of 9/11 rather than Islam. And what does Islam say about terrorism. According to the Torah the Jews believe God gave them Israel so for this reason the world has changed because of so many political and religious actions were taken to establish the world we see today and it has caused many good and bad things for the humans of our world. The tragedy of 9/11 might not have happened if some of the words of the Torah were not been taken into actions by politicians and religious groups. This book will give a different view about the reality of our world with the facts of science and religion + religion and politics. An excellent All in one book on science, religion, politics & the true history of our world.
