If you look for something sweet every time, if you do not have enough time to make something special when your sweet tooth craves? Then the best thing one can suggest you is the cupcakes. Cupcake is a small cake made in a thin paper cup designed to serve one person. They are named cupcakes because they are made in small thin paper cups. They are easy to make and can be made in any flavor, this makes them so special. They are loved by everyone and they have every reason for that. At the start, cupcakes were made for kids, but now they are equally popular among the people of every age and class. Today, cupcakes are almost one of the essential parts of every party and every occasion. Because of their versatility, they can be served at tea time, as desert and any occasion and event in which cakes were served before. They have a great advantage over traditional cakes because they are smaller in size, low in cost and easy to manage. They are just a little piece of heaven. They can swing and change your mood every time you have them. These are a perfect treat for your taste buds. They are so popular because, they are easy to make and save time and you do not need big traditional ovens to bake them. One of the great benefits of the cupcakes is that they are Easy; easy to make, easy to eat and easy to clean up after baking. There is a lot of room to experiment with them according to your taste and mood without having a danger of loss. That is why they are so special. Because of their size, one diet conscious person feels less guilty after having them. These cupcakes are suitable for every occasion, with little variations; you can make and decorate them according to your need. In this book, you will find every cupcake recipe from vanilla to chocolate and everything in between them. Whether you are professional or an amateur, you will find ease following these recipes.
