An unorthodox, happily married business woman who has sold a company for \$20 million, shares the sometimes outrageous highs and lows during the development of Pacific Direct. Lara's book shares down-to-earth hints, tips and anecdotes to ensure the reader is guaranteed to take away valued information to apply to his/her own company. Full of compelling stories that will make the reader laugh out loud at Lara's antics to get the job done customer first, family first, struggle and guilt all of it worth it. In *More balls than most* Lara Morgan shares secrets that will be inspiring for both young entrepreneurs and the established businessmen and women, as well as chief executives faced with difficult decisions about the future of their companies. She shows the reader how to: Run a successful business and still (nearly) have a work/life balance; Have the confidence (and tricks) to make those vital first contacts; Take the creative decisions that will set their businesses apart from the rest; Inspire their teams to be creative and celebrate their success. The book is interspersed with examples from her own experience and includes tried and tested ideas. After using this book readers will realise the drive and determination required to make money whilst overcoming previously insurmountable problems. She believes if you want something enough and are willing to work hard, you can achieve anything. This book will show you how.
