

EMP Survival: Shocking New Discovery Reveals Modern Combat Tips You Ought to Know to Survive an Electromagnetic Pulse Attack (EMP Survival, EMP survival preparedness, EMP survival guide)

An EMP attack means the necessity of a survival contingency plan in the face of a catastrophe of a solar or nuclear kind. Yes, it can happen. This book is your basic resource and guide in succinct form. EMP Survival covers the nature of the devastating threat, how and why it is important, and what must be done in the face of the unforeseen but plausible. It advocates keeping abreast of world affairs that impact the prospect of such retaliation. Knowledge is the best antidote to widespread panic and it is readily available. Reading these pages will alleviate the stress of the unknown and provide the confidence that you have survival tactics at hand. Advanced planning is our goal as well as political consciousness and action. In the book, we will cover: What is EMP and why can it happen: nuclear and solar explosions Terrorist threats versus acts of nature Internal threats and the role of self defense What is the US governments role in EMP preparedness: policies and programs How can you impact politicians to take action: voting and speaking out Basic home survival tactics Food and water contingency supplies Using emergency radios How to live without electricity Staying calm, learning not to panic Access to medical supplies Infrastructure paralysis: social collapse Getting Your FREE Bonus Download this book, and find BONUS: Your FREE Gift chapter right after the introduction or after the conclusion.
