Preppers Survival Guide Box Set (2 in 1)  
Book One: Preppers Survival Guide: Learn About Bug Out Bag, SHTF Stockpile and How to Prepare for a Disaster  
Disaster strikes frequently without any notice. A humble storm might turn out to be devastating in a few days. An tremor can strike at several times without a forewarning. Anything can occur without leaving time for readiness. This is the reason it is imperative to be way aheadready, even without some news or indication of an impending disaster. Readiness is key to continued existence. This ebook will assist you to prepare adequately for disaster. Readiness needs adequate information and understanding, as well as careful planning and proper execution to be successful. Nobody desires to have all the hard work completed only to discover that you got the incorrect supplies or it just wasnt enough to push you and your loved ones through the perilous days. Some persons are of the view that being a prepper is an extreme measure but finally it does pay to be ready in the possibility that there is a crisis and you might need to evacuate in a rush. The book is ideal to help you the reader to understand How to prepare survival water measure How to prepare survival food measures How to storesurvival medication measure How to prepare a complete and functional bug out bag Survival best practices and common mistakes How to prepare a first aid kit together This ebook will also reveal you how to best arrange without too much pressure on your financial budget. Book Two: Preppers Guide to Survive in the Wild: Survival Secrets of the Russian Spetsnaz This book contains: proven steps and strategies on how to survive different locations and situations in the wild solutions to challenges brought about by not only one type of wild but the whole expanse of known wilds in the world: the open sea, the arid desert, the deserted

island and much more. The material provided in this book is based on the training of the Russian Special Forces, also known as Spetsnaz or Russian S.A.S. Never before in history has the world been racked by disasters both natural and man-made. Disasters, occurring in an ever increasing frequency, that bring humans out of the comforts of their urban cities or rural homes and into the unknown wild. Educating and gearing yourself with these methods have now become ever more important. These methods include: how to source everything from your food, shelter and clothing, how to maintain your health and safety, how to determine your movement and equipment and how to navigate your way out and ultimately, how to survive the wild. All these methods are guided by the Spetsnaz, or the Russian Special Forces, their equipment, their training and their psychology. If your fear finding yourself helpless in the wild, if you are in a lifestyle that increase your risk of being alone in the wild or if you are curious and want to be prepared, then this book will not only equip you with the proper methods and tools but also satisfy your curiosity in the field of survival.
