

ProtoThinking®: Pensamiento de Diseño en Acción (Spanish Edition)

ProtoThinking es la guía perfecta para comenzar a aterrizar del mundo las ideas a los proyectos innovadores. Este libro tiene aplicación en el campo personal, profesional, académico y en las organizaciones. Luego de leerlo, nuestro éxito quedará prototipado en el presente y estaremos a pocas acciones de concretar la innovación para beneficio de nuestra propuesta de valor. Basado en los focos de acción y fases del Design Thinking, esta guía tiene una fuerte apuesta en el PROTOTIPO y maneja las siguientes premisas como estandarte para su desarrollo: Considerar todo producto, servicio o estrategia como un prototipo. Pensar con las manos. ¿manipular nuestro entorno! Cuestionar las imágenes, los objetos y los supuestos. Evaluar la percepción del usuario en todo sentido.
