

# Ethnographic Research: A Reader (Published in association with The Open University)

Ethnographic Research: A Reader presents in a single volume a selection of ten recently published studies intended to illustrate the variety of social research which is currently being conducted within the ethnographic tradition. Together with an accompanying editorial introduction and a carefully selected range of Guided Reading Exercises, this text should provide students with solid grounding of the different underlying assumptions, researchers positions, methods of data collection and theoretical approaches within this broadly defined research tradition. The collection includes research from a range of different countries (Britain, The USA, Australia, Lebanon and India) and studies from a multitude of disciplines and contexts inc
