

Astral Body & Other Astral Phenomena

In print since 1927, this classic text has long been used as a principal resource by students and scholars of astral phenomena. A natural companion to Powells Etheric Double. Its subject is the structure, nature, and powers of the astral body, the vehicle of feelings and emotions seen by clairvoyants as an aura of flashing colors. Based on firsthand testimony noted by clairvoyants, including H.P. Blatsky, C.W. leadbeater, and Annie Besant. Powells perceptive commentary is of enduring interest to all lovers of esoteric lore.
