BOOK #1: The SHTF Stockpile: What You Need on Hand to Survive Many civilizations before us have perished and disappeared, leaving remains and ruins, what if the same thing is waiting for us? One thing that might give us a significant advantage we need is the fact that we could prepare in case SHTF scenario hits the Earth. The SHTF Stockpile guide is made to help you plan your survival and get you prepared for what you will definitely need in the worst case scenario, so you and your group can survive. Here is what you will find in our SHTF Stockpile Guide: Tips and tricks on how to survive How to stash, collect, make, cook and plant your own food How to find water and how to make stockpiles of water How to survive in case you are on the move How to make shelter and other useful tips on outdoors hacks Electricity and heat SHTF life hacks you would definitely need All the things you need to survive Bug Out Plan Bug In Plan

BOOK #2: Survival Guide for Women: Get Your Family Ready for Any Disaster Typically underrated during times of disasters, women are the backbone of communities and families. Throughout history and in many cultures, women are looked at to perform passive roles. It is now known that women are more than just nurturers and providers during disaster they stand alongside their male counterparts or even, at times alone, actively being the glue to keep their families and loved ones out of harms way. Being prepared for a disaster can determine how you act during the real situation.

Survival Guide for Women: Get Your Family Ready for Any Disaster not only identifies potential disasters, but is also a step by step how to guide on what to do should you find yourself in disastrous situations with your family. Topics discussed include the following: A brief discussion on womens roles during times of disasters What is a disaster How to

prepare your home for any disaster  
Hurricanes and major storms  
Tornadoes  
Earthquakes  
Cold Weather Disasters  
Fires  
Road Accidents  
Key Elements of a Circuit Breaker  
BOOK #3: Preppers Blueprint: The Proven Preppers Guide to Get Yourself Ready for Any Disaster. Government and state websites outline a myriad of ways to prepare, survivalist companies advertise their specialty products and supplies, neighbors have their own ideas, but do you have an emergency plan? What would you do if you were ordered to leave your home right now? What would you take? What would you do if a nuclear power plant emitted radioactive substances? The question is are you ready? Since Hurricane Katrina, 9/11 disaster, and massive outbreaks of tornadoes, this world has seen an uptick in all sorts of disasters: earthquakes, hurricanes, tornadoes, tsunamis, massive fires, floods; isolated civil unrest riots and protests; and, each news day features frightening details of disasters in the making. These are the secrets of preparation that we will discuss:  
Family Emergency Plan  
Bugging Out  
Shelter-in-Mobile shelter or camping  
Evacuation to a shelter  
Food - gardening, sprouting, canning, etc.  
Water storage  
Tools and supplies  
Important documents  
Evacuation of your home
