

# Guy in Real Life

From the acclaimed author of *Brooklyn, Burning* comes *Guy in Real Life*, an achingly real and profoundly moving love story about two teens that National Book Award finalist Sara Zarr has called wholly original and instantly classic. It is Labor Day weekend in Saint Paul, Minnesota, and boy and girl collide on a dark street at two thirty in the morning: Lesh, who wears black, listens to metal, and plays MMOs; Svetlana, who embroiders her skirts, listens to Bjork and Berlioz, and dungeon masters her own RPG. They should pick themselves up, continue on their way, and never talk to each other again. But they don't. This is a story of the roles we all play at school, at home, online, and with our friends and the one person who might be able to show us who we are underneath it all.
