

How to Make and Use Compost: The Ultimate Guide

Whether you live in a flat with a balcony or have a family and garden that generates large amounts of food and green waste, this book shows you how to compost everything that can be composted at home, work, or school, and in spaces big or small. It covers how to create the right mix for successful garden compost; how to compost food waste safely; the full range of composting systems; composting with a wormery; making liquid feeds and your own seed and potting compost; and composting in schools, with advice on getting a school scheme started. *How to Make and Use Compost* features a comprehensive A-to-Z guide, which includes what you can and can't compost, concepts and techniques, and common problems and solutions.
