

The Survival Know How: Advanced Skills for Handling the Danger and Successful Survival in the Wilderness (Survival, Survival handbook, Survival guide)

Becoming lost in the forest seems like a real nightmare situation, one that we almost laugh at, but its not nearly as funny once it has happened to you. Would you know what steps to take if you found yourself in a wilderness survival situation? Would you know how to set up a base camp? Could you determine which wild plants were edible and which were poisonous? This book will teach you all of that and more, including: Steps to take for basic preparedness before heading into the wilderness How to find safe sources of food and water to ensure your survival. How to improvise devices for hunting, fishing, and trapping. Setting up a camp, including building an adequate shelter.
