

## Beyond the Norm

Norm Miller, chairman of Interstate Battery System of America, shares the kind of wisdom you're not likely to hear from many top executives in the business world. For one thing, he is a believer. He believes in the American Dream because he's lived it. From a humble beginning as a traveling salesman for Interstate, he worked his way up through the ranks to become CEO and chairman. Norm Miller is also a believer in God's power to change lives, because it was that power that turned his own life around after years of drinking as hard as he worked. That was the beginning of many changes in his personal and professional life. At the same time, there were some things about Norm Miller that stayed the same. His creative energy never flagged, and his willingness to dream up and try new ideas remained his hallmark. As a result, Interstate Batteries is now one of corporate America's stunning success stories, a robust company that enjoys an unparalleled reputation for excellence and honesty. Candid about his failures, overflowing with a wealth of practical advice, and always colorful, Norm shares what he's learned along the way in three exciting and successful decades at Interstate.
