

Cruisers of World War Two: An International Encyclopedia

Cruisers of World War 2 is a compilation of all the cruisers in existence during World War 2. All operational details and a history of cruisers of the major combatants and neutral powers is included. All the cruisers of 18 countries are covered, with a representative photo or drawing of each class, and listings of all vessels within that class along with date laid down, launch and completion dates, and ultimate fate. Vital statistics given include displacement, length and beam, machinery and performance details, range, armor, guns, torpedoes, aircraft and complement. In addition, design features, modifications, and service histories are provided in brief but comprehensive narrative sections
